

NOTHING MORE

VERSE 1:

Comforter, still small voice
The peace in me
Through all the noise
Counselor, Holy one
Say one word and it is done

PRE-CHORUS:

I'll sit right here
And wait for You
Ready for breakthrough

CHORUS:

Come fill this place
We know You're near
Oh Spirit of God
We want You here
Come flood this room
Move on our praise
Oh Hallelujah
Lord have Your way

VERSE 3:

Advocate, Perfect Guide
Leading the way
From death to life
Breath of God, rushing wind
Rest on us and blow again
