

Please Note:

- **Leader Text chain** – we'll be making one, but you'll also have the staff cell numbers in your guide. We'll try and get wifi as well.
- While **phones** are permitted on the bus, we will be storing them for the weekend as students get off the bus. They will be stored at the dining hall, so if you see a kid with one during the weekend, feel free to take it, turn it off, label it with something, and hand it off a GC staff person.
- **Meds and med kits** will be available in the Dining Hall.
 - **Evening Meds** before bed will be available at least 15min before lights out and 15min after lights out. If it's 11:15pm and they have not gone to get meds, the med person will come find you, but please don't make us come find you.
 - **Food + meds** – We have some students for whom their meds either make them not hungry OR they don't like to eat food, but their meds require it...and they somehow think that candy counts. If you're aware of this issue, please keep an eye on your kids. We've asked parents of these particular students to make a food plan with their kids and pack snacks. Just be aware.
- **Stick with your kids!** – It'll be tempting to huddle up with other leaders, but follow your kids around. Keep an eye on "couples". Stay safe and aware. If your group splits up, follow the ones you don't trust. ;) Build relationships and trust God with the rest.
- **Session distractions** – Whether a student is yours or not, if they are distracting, please step in and intervene in a way that nurtures relationship. If they give you a hard time, find a staff person or another leader (preferably from their campus) to help support.
- **Session seating** – We have "assigned seating" that shifts every session. There will be a chart on the screen. You'll be sitting with your campus. These are great opportunities for you to take stock of your kids and make sure they're all there.
- **FREE TIME ACTIVITY HELP:**
 - **Movies**, 1-3 & 3-5pm – 2 leaders, 1 for each movie. Hang out, chat with kids or just commit to popping in every 30min.
 - **Scavenger Hunt**, 2-3:15pm – 1 leader to run point. You can do other things, just pick a central spot for that hour where kids know to find you.
 - **Ice rink**, 1-5pm – Kids can't be on the ice without a leader present. That shouldn't be a problem, just don't leave until another adult is present. Let's help each other out here. You don't need to be on the ice.
 - **Broomball**, 2:15-3:30pm – Victor is leading this outside. If you want to join him and help him out, that'd be awesome.
 - **Human Foosball**, 3:30-4:30pm – Victor is also leading this. Could use a couple of leaders there to help contain the chaos.
 - **Rock Wall**, 1:30-3:30pm – no leaders required. Camp-run.
 - **Volleyball, basketball, dodgeball, soccer, football...open gym**, 1-5pm – No leaders required, but if you enjoy these sports and want to initiate these or some other game, go for it.

- **Board/card games**, 1-5pm – Knutes and Dining hall... no one required, just be aware of where other leaders are and make sure things are safe and under control.
- **Talent Show Sign-ups**, 1-2pm – If you want to do a skit, dance, or something with a student, this is your time to shine! 😊
