

Mission: **ORLANDO** Gulf Shores Student Ministry

First Baptist Gulf Shores Mission Camp 2026

INFORMATION SHEET

Parents of our wonderful students,

We are doing something a little different this year for camp and I am so excited to share it with you! We will be heading to **Orlando, FL June 21-27** and doing mission work in the Orlando area through a local mission ministry called SERVE ORLANDO, <https://www.serveorlando.org>

Our goal is to bring the light of Jesus and the good news of the Gospel to all those we work with, whether it be through our fun, energetic VBS-style daycamps, or loving on folks around the community. The students will truly have an amazing experience with one another. Our teams will serve daily Monday – Thursday, mostly early in the morning and a few evenings.

In addition to our mission work, our students will get to spend one day at Universal Studios & Islands of Adventure with a park hopper ticket. I'm so excited to have a day of fun after a week of missions.

We will be together with our church group the entire time. This mission camp will solely be comprised of our student ministry and our adult leaders.

The total cost per student is \$700. However, because of our great success at the Valentine Variety Show, that amount has dropped down to only \$450 per student. Thank you for your support and having your student there to help, it was our biggest fundraiser yet!

Meal or Paid Event Included in Cost of Camp

Meal or Paid Event Not Included in Cost of Camp

Estimated additional money each student needs to bring for 4 meals not covered by FBGS: \$60

Your student will also most likely want snacks at our 4 bathroom breaks, suggested amount: \$40

Disney Springs and Universal Orlando are also opportunities for your student to purchase souvenirs.

Ultimately, you will be the judge of how much additional money your student needs. Please make sure he or she knows to keep enough money for meals on Friday and the trip back. One suggestion would be to load money on a cash app card, venmo card or something similar to keep track remotely how much your student is spending. You can also add funds when needed. Many places take Apple Pay, but I would not count on every location using Apple Pay.
