Luke 17:11-19

12.3.25

Introduction

Big Idea: Gratitude is the voice of a heart transformed by grace... are you grateful?

- One, grace that heals
- Two, gratitude that responds
- Three, faith that saves

Book

- 1. Why does Luke tell us Jesus is "on the way to Jerusalem" (11, ESV)?
- 2. What was leprosy and how did it impact those who had it (see Leviticus 13 and 14)?
- 3. What does verse 13 reveal about the lepers' understanding of Jesus?
- 4. Why does Jesus tell them to "go and show themselves to the priests" (14) and when are they healed?
- 5. How did one of the lepers respond (15-16)? Why is the correct response to God's grace? Why does Luke tell us he was a Samaritan?
- 6. What point is Jesus trying to make with his questions in verses 17-18?
- 7. How else can we translate "your faith has made you well" (19, ESV) and how does this change our understanding of what happed to this healed Samaritan?

O Look

- 1. How is Jesus able to declare you clean? Why must he declare you clean if you are to be saved?
- 2. How have you experienced Jesus' cleansing power, generally and specifically?
- 3. How have you taken Christ's cleansing power in your life for granted? How has this lack of gospel gratitude been manifest in the way you live?
- 4. In what ways can you more openly and joyfully thank God in your daily life, as the healed leper did with a "loud voice"? What hinders your public praise of God?
- 5. How much of your worship is thanksgiving to God, for who He is and what He has done through Christ? What can you do practically to *be thankful* from the heart in your worship?
- 6. When considering Jesus' final words, "Rise and go your way; your faith has made you well" (19, ESV), how might an ungrateful heart reveal more than a gratitude problem? How might it reveal a salvation problem?
