## **New Vision**

### *Dominican Republic 2026 – Church planting & Medical Mission Trips*

- We have the honor of partnering with GO ministries to send two mission trips in 2026. Our first trip will be in July 2026 to serve the children in communities throughout Santiago through sports ministry as well as serving the community by painting houses and doing prayer walks.
- In November 2026, we will be sending a team to serve through a mobile medical clinic that will be able to meet the needs of one community by providing basic check-ups, meeting basic medicinal needs and praying with those who come.
  - For these trips, it costs \$1,250 to send each team member plus the cost of airfare. The medical clinic costs an additional \$4,000 but through this we can cover all the medical needs that will be met for those that come, no matter their medical need.

## **Connection Opportunities**

### *Lifepoint Mission Trips*

Taking the step of going on a mission trip with our church will not only allow you to personally experience the impact that your generosity is having on the organizations we support, but it will also encourage you to take personal steps in your walk with the Lord. To find out more information about the opportunities available to you to serve nationally and globally, please email [lhackett@lifepoint.org](mailto:lhackett@lifepoint.org).

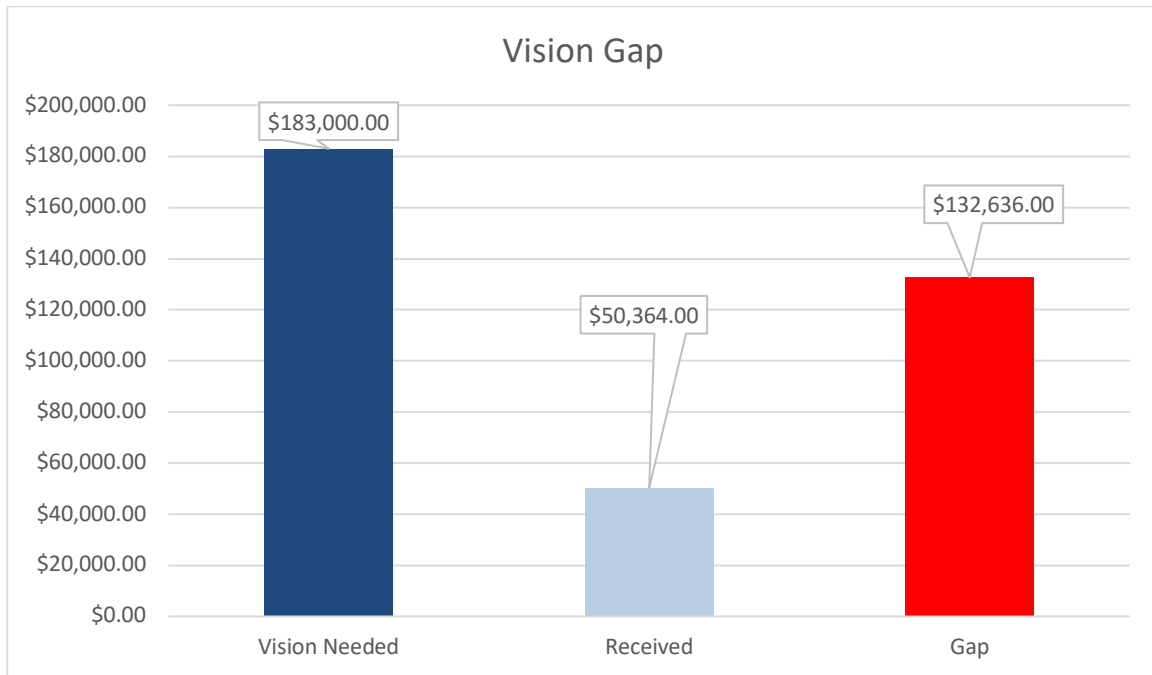

## **Vision Gap**

The vision gap is designed to provide a snapshot of the financial need to fund the vision of the Global Missions Lane as a whole.

These projects represent an investment of \$183,000. Of this, \$50,364 has been allocated. This leaves \$132,636 needed to fully fund these projects.
