

KINGDOMBUILDERS

Next Generation Lane Report – January 2026

Lane Leaders: Jon Rounsaville & Leta Palmer

The Next Gen and college teams work together to develop the next generation at Lifepoint Church in character, theology, and ministry to the church and the world. As we develop this next generation, we know we are building the leaders for future generations of the church. The future of the church in its commitment to the true Gospel and evangelism to a lost world depends on this generation's commitment to Christ. Your generosity empowers these teams to work together to build a unified vision of spiritual development for Lifepoint Church members from birth through adulthood.

New Vision Projects

Below are new vision projects and initiatives.

Kidspoint Plus

- We are now offering Kidspoint Plus at our Fredericksburg and Spotsylvania locations! This is an environment and service that accommodates kids with special needs or who need some additional love and support. Our next goal is to bring it to Richmond by June. Our gap reflects some of the bigger environmental needs for the portable location, such as play panels, and portable sensory furniture.

Project Cost:	\$5,000
Amount Funded:	\$0
Amount Remaining:	\$5,000

Kids Conference 2026

- Kids Conference 2026 is already in planning mode and we're excited to keep the theme of expansion this year to bring Kids Conference to Culpeper. For 2026, we would also like to include a "Family Fun Friday" for families to celebrate the end of Kids Conference together! That was the biggest feedback we received from KC 2025 parents - families want the opportunity to have fun together at the end of Kids Conference. We would also love to offer at least 50 scholarships this year!

Project Cost:	\$15,000
Cost per Child:	\$25
Amount Funded:	\$0
Amount Remaining:	\$15,000

Spotsy Kidspoint Refresh

- The recent new construction projects in Culpeper and the 1380 have created such bright, beautiful, and life-giving spaces for our Kidspoint environments and we'd love to bring the same to the Spotsy Campus, starting with our "Big Four" lightboxes. These are custom lightboxes that feature Kidspoint Core Values, known as our Big Four: Love God, Love Others, Do Your Best, and Have Fun.

KINGDOMBUILDERS

Project Cost:	\$15,000
Amount Funded:	\$0
Amount Remaining:	\$15,000

Youth Conference 2026

- Last year, we saw record-breaking attendance and life-changing moments as students encountered Jesus. We have a big goal of 1,250 students this year! We believe finances should never be a barrier for a student to attend Youth Conference. This year, we are offering a Youth Conference Scholarship Fund to help students in need to experience this life-changing event. With the generosity of donors, we can remove financial obstacles and provide scholarships to students who may not otherwise be able to attend.

Project Cost:	\$25,000
Cost per Student:	\$129
Amount Funded:	\$0
Amount Remaining:	\$25,000

Next Gen Roundtable

- In Fall of 2026, we are hosting the **Next Gen Roundtable**—a one-day gathering for Kids and Youth Pastors and leaders from across the DMV region. The heart behind this event is to invest in and unite church leaders who are shaping the next generation. Through keynote sessions, practical breakouts, and intentional networking, our goal is to inspire, equip, and strengthen leaders to build healthy ministries that reach and disciple the next generation more effectively. This event also provides a strategic opportunity to **build relational bridges with churches in our region**, opening doors for deeper partnership and collaboration. One of the most exciting parts of this initiative is the natural connection it creates for leaders to discover and experience **Lifepoint College**, where we train and send students to lead in ministry. The Roundtable not only strengthens the body of Christ across the DMV but also positions Lifepoint Church as a hub for leadership development and kingdom collaboration. We believe this investment will multiply far beyond a single day—impacting countless kids, students, and families as leaders leave refreshed, resourced, and refueled to reach their cities.

Project Cost:	\$10,000
Amount Funded:	\$0
Amount Remaining:	\$10,000

KINGDOMBUILDERS

Lifepoint College Scholarships

- The Director's Award scholarship has been designated for students deemed to be in a significant financial burden. Our goal at Lifepoint College is for no student to be turned away due to lack of financial means. We continue to have prospective students apply for scholarships as a way of financing their education at Lifepoint College.
- Kingdom Builders can make contributions to these scholarships by specifically designating so when giving an offering, or by emailing Mrs. Marley Atwood, matwood@lifepoint.org.

Scholarship Cost: \$8,000

Lifepoint College Expansion

- Our new learning and student life spaces located at 1380 Central Park Blvd., right next to our Fredericksburg campus, are now being fully utilized by Lifepoint College students. The spaces are finished except for some final design elements to be added to some of the offices, classrooms, and student spaces. The Lifepoint College team is excited to use the spaces for developing current and future Lifepoint College students.

Project Cost: \$1,570,154

Amount Funded: \$577,941

Amount Remaining: \$992,213

Lifepoint College Endowment

- It is our vision that every student who is called to and academically qualified for the Lifepoint College program be able to attend free from the pressure of financial struggle. Lifepoint College is now able to offer students a variety of financial support options, including private, low-interest student loans available by application as well as financial assistance for students facing extenuating circumstances. The endowment will also support faculty expansion and innovation as the college grows, as tuition and fees alone do not support the long-term growth of our college.

Initial Endowment Target: \$1,000,000

Amount Funded: \$40,385

Amount Remaining: \$959,615

Lifepoint College Accreditation

- Lifepoint College has been granted applicant status as a pre-membership status granted to those institutions that meet the Association of Biblical Higher Education's Conditions of Eligibility. As a result, we are in the midst of working with the ABHE organization on becoming fully accredited. This ongoing process is a rigorous and detailed one that will elevate the overall effectiveness and excellence of our college programs. Our next goal

KINGDOMBUILDERS

is to advance our progress, meet the conditions of eligibility, and move into candidate status **within three years**.

Project Cost:	\$225,000
Amount Funded:	\$76,000
Amount Remaining:	\$149,000

Lifepoint College Housing

- Lifepoint College has enrolled new Associate of Ministerial Leadership students for the 2025-2026 academic year from outside of the Fredericksburg region, including out of state, creating a demand to provide safe and supportive living environments for our students to reside in. Incoming and returning Lifepoint College students can enjoy the furnished apartment housing option available to all enrolled daytime program students. Conveniently located downtown, students live alongside Resident Assistants and have convenient access to Lifepoint College, dining, shopping, and recreational activities. This year, housing was updated with fresh paint, landscaping, and more comfortable furnishings to best support our students. However, we are currently at capacity in each of our four available housing units. As we look at enrollment projection numbers for the upcoming two years, we anticipate the need to expand our housing by securing a central dormitory housing unit to provide residence for at least forty students.

Project Cost:	\$5,000,000
Amount Funded:	\$0
Amount Remaining:	\$5,000,000

Connection Opportunities

Chapel

- We would love to invite you to attend any of our chapels throughout the remainder of our 2025-2026 school year. These take place on Wednesdays at 10am and are held at our Fredericksburg campus. If you would like to attend, please let us know ahead of time by emailing Jon Rounsaville, jrounsaville@lifepointcollege.org.

Tours

- Interested in seeing our new building site? Visits are available upon request via email to Jon Rounsaville, jrounsaville@lifepointcollege.org.

Youth Night

- We would love to invite you to attend any of our monthly Youth Nights. These take place on the 2nd Wednesdays of each month at 6:30pm and are held at our Fredericksburg campus. If you would like to attend, please let us know ahead of time by emailing Leta Palmer, lpalmer@lifepoint.org.

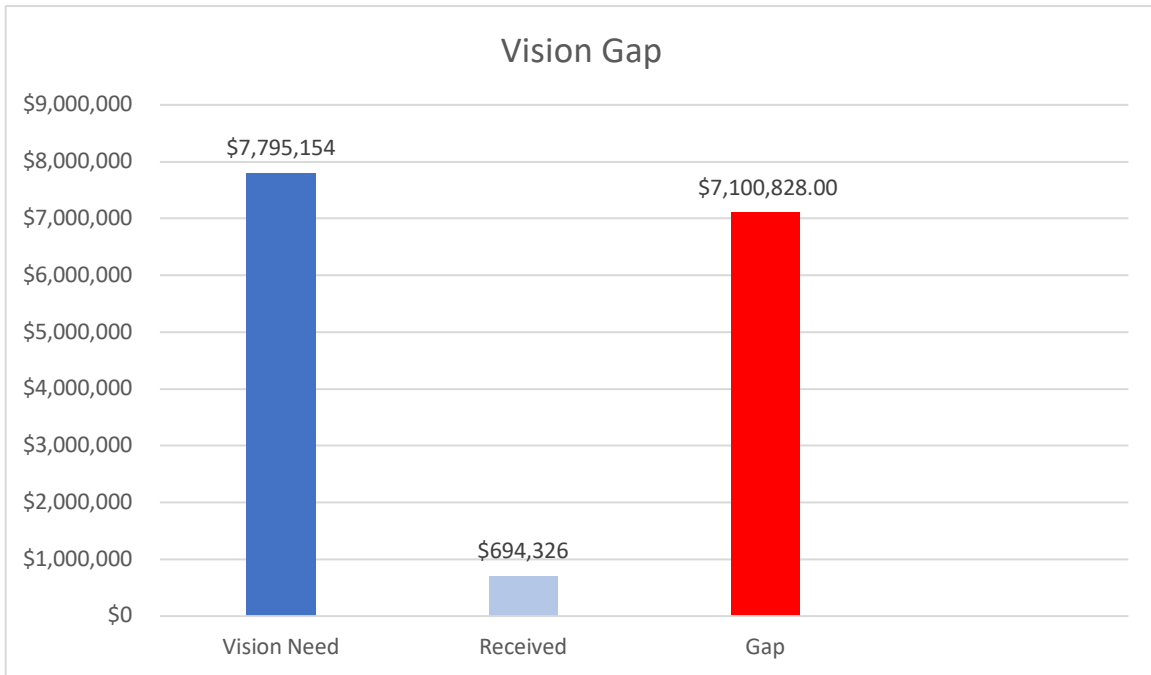

KINGDOMBUILDERS

Vision Gap

The vision gap is designed to provide a snapshot of the financial need to fund the vision for the college. We run general operations for the college at a zero deficit. All growth and expansion projects listed in this document represent the current vision gap. We will update this section in subsequent reports as we unveil all that God has placed on our hearts for the college.

These projects represent an investment of \$7,795,154. This leaves \$7,100,828 to fully fund these projects.

Wins

- We have been able to refresh many of our Kidspoint environments through some new furniture and environment needs, helping elevate our kids' Sunday worship experience. We also have been able to provide 11 kids with a worship experience best suited to their needs through KP+! Our biggest wins, however, have been the **269 kids who gave their lives to Jesus and 118 that got baptized in 2025!**
- Lifepoint Youth experienced significant breakthrough in 2025, marked by both deep discipleship and expanded gospel impact. This year, **95 students completed our 8-week Student Leadership Intensive**, being trained and released to lead boldly in their schools, homes, and communities. We also celebrated our largest Youth Conference attendance to date, creating space for students from across our region to encounter God in a powerful way. Most importantly, we witnessed **312 students decide to follow Jesus**, lives eternally changed as the gospel took root in the next generation.
- Lifepoint College's pursuit of accreditation has received positive feedback from our accreditation overseer. This process has facilitated the introduction and improvement of various college policies and procedures which will ensure excellence in practice at Lifepoint College long into the future.

KINGDOMBUILDERS

Prayer Needs

- Our next generation, birth through college students, are always our primary concern. Please cover them in your prayers as often as you think of them.
- We are praying for additional dream team members for our KP+ environments. This requires people with a specific love for kids with special needs, and a background working with that demographic. We also are praying for experts in the field of special needs to help us identify the best curriculum and learning resources to bring into our environments.
- Lifepoint College has secured Articulation Agreements with Liberty University, Southeastern University, and Oral Roberts University. Please pray for wisdom as we consider additional institutions with which to seek articulation agreements. To learn more, visit <https://www.lifepointcollege.org/accreditation>.
- Lifepoint College is currently in the most important season of recruiting for the 2025-2026 school year. Please pray that God speaks to the students He wants at Lifepoint College and opens doors for our recruiting and enrollment teams to engage with potential students outside of Lifepoint Church.
- Pray for continued open doors in schools, families, and communities as Lifepoint Youth seeks to reach more students with the gospel. Pray for protection, endurance, and vision for our leaders, and for God to multiply the impact of what He began in 2025 in the years ahead.
