New Vision

Paint the Town Red 2026

- Our annual Paint the Town Red event provides an opportunity to mobilize our entire church over 4 days in July to meet various needs in our communities. Our vision is to provide projects across all our locations, meeting needs like packing thousands of hygiene kits for Convoy of Hope, home repairs, beautification of local schools, and many more. This year, we are placing a strong focus on PTTR to ensure a full schedule of projects at each campus throughout the entire weekend, with the goal of saturating our communities through acts of service and seeing our church come together in a unified effort to make a massive and lasting impact where we live.

Holiday Serve 2026

- This year we are doing Christmas centered projects at each of our campuses to meet tangible needs during the holiday season as well as invite people to Christmas services. At *Winter Wonderland*, we provide a shopping experience for families who are not able to secure Christmas through items such as clothes, hats, books, and even toys to bring joy to the children. This gives the parent a sense of pride, while providing their children with a great Christmas experience. This is a huge step in pointing people to Jesus.
