

MCBC Renovation Update – July 26, 2026

Our Renovation Team is excited to share an important update on the renovation project at Mountain Creek!

Over the past several weeks, our Renovation Team has been interviewing builders who can guide us through the pre-construction design phase of our project. After interviewing four companies, narrowing the field to two finalists, and conducting a second round of interviews, the team unanimously selected Roebuck Buildings to serve as our partner for this next step.

Roebuck has been serving churches and businesses in the Upstate since 1947 and has extensive experience with metal buildings like our gym. Their reputation for quality, efficiency, and integrity gives us great confidence as we move into the design process.

We are also grateful for the Lord's provision through the generosity of our church family. To date, more than \$130,000 has been given to the Renovation Fund. Because of your faithful giving—and because the cost of this phase is significantly lower than originally anticipated—we currently have more than enough funds on hand to complete the pre-construction phase of the project.

While this is certainly a reason to celebrate, our work is far from finished. We encourage you to continue giving to the Renovation Fund as the Lord leads. Every dollar given beyond the needs of the current phase will be applied toward the future construction phase, allowing us to prepare now for the work that lies ahead. You can continue to give online at mountaincreekbc.org/give and select “Renovation Fund” from the dropdown menu. Also, you can give through our offering boxes; just be sure to mark “Renovation Fund” on your check or envelope.

In the coming weeks, we'll begin meeting with leaders from our various ministries to discuss how our renovated spaces can best support and strengthen the ministries of Mountain Creek. As plans continue to develop, we'll keep you informed with regular updates and, we hope, even some preliminary design concepts.

Thank you for your continued prayers, generosity, and encouragement. We are grateful for the way God is providing for this project, and we look forward to seeing how He will use these renovated facilities to help us magnify God together as we continue reaching our community with the gospel of Jesus Christ.
