- **The Church Facility** is to be used for God's glory. Toward that end, songs that are incorporated with any event at Grace cannot include lyrics that violate Scripture principles. Grace reserves the right to approve playlists and music used during the reception. This includes DJ's and live bands. Dancing is allowed and should not detract from a Christ-honoring celebration. Alcohol is not allowed on the church premises.

- **Non-staff officiating pastors** are permitted at Grace, however, must be approved before the wedding is confirmed and must agree to our church policy on weddings.
