

## **TOURNAMENT CANCELLATIONS OR RESCHEDULING**

In the event that a tournament is cancelled (due to weather or other factors) or moved AFTER the published schedule, an alternative qualifier may be used for score with these guidelines.

1. Archer must be registered for the tournament in question PRIOR to the date of the original tournament's first flight to be eligible for an alternative arrangement.
2. Notification to Nationals must be made PRIOR to original tournament's first flight.
3. Only one instance of this type of alternative will be allowed per competition year, except in the matter of weather cancellations or other safety-related issues deemed by Nationals.
4. Alternative score must be shot at a TSO-sanctioned event, approved by Nationals.
5. Archer may NOT shoot in the tournament at the later scheduled day if they use an alternative site.
6. Archer will NOT be eligible for awards in either tournament.
