Love/Sex/Dating

Yes, it's back! Culture is so loud when it comes to this. We will be diving into Scripture and what God has to say about love, sex, and dating!

Mythbusting

Christianity comes with some "myths" or things that have been passed down that might not be biblical. We will be looking at those and busting them with what Scripture actually says!

Eikōn

In a world that tells us what we have to be, how we have to look, etc., Scripture tells us that we are created in the image of God. We are going to be looking at how we can live like we believe this.

How's Your Soul?

This question is one that we tend to avoid because it goes much deeper than we think. We are going to look at the health of our souls and how we can best be taking care of them.

Q & A

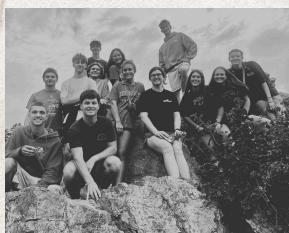

Questions. Too often we have these and we don't know who to ask. We will be spending one week asking those questions to a panel of our leaders.
