

EMERGENCY RESPONSE TEAM

The Emergency Response Team provides behind-the-scenes safety oversight each Sunday. All volunteers should know who the safety team members are so they can report concerns immediately.

What You'll Do:

- Remain alert to potential safety or medical concerns
- Respond to issues while other volunteers stay at their posts
- Be easily identifiable to volunteers and staff
- Coordinate with staff leadership for emergency procedures

Ideal For:

Calm, trained individuals with safety, medical, or security awareness.
