

# PARKING TEAM

Creating a safe and welcoming first impression

Parking Attendants help guests feel safe and cared for the moment they arrive. Team members direct traffic, assist with parking flow, and provide a friendly wave or smile to each car.

What You'll Do:

- Direct vehicles entering and exiting the property
- Maintain awareness of pedestrians, children, and potential hazards
- Wear a high-visibility vest so guests can easily identify you
- Communicate with other attendants for smooth traffic flow
- Notify the Emergency Response Team of any safety concerns

Ideal For: Volunteers who are alert, observant, and enjoy being outside.
