

**MAY MINISTRY
PARTNER SPOTLIGHTS**

The ministry of Missionary Aviation Repair Center (MARC) is to expand the Gospel in Alaska by providing air transportation and logistical support for ministries working in remote communities. Many missionaries and pastors in rural Alaska have their own airplanes. MARC provides maintenance services to keep these essential aircraft operating safely. They also provide parts, fuel sales, services, and flight training for people in our community in order to build relationships and minister the gospel to them. Because the opportunities for these services continue to expand, more missionary staff are needed. SBC also supports MARC missionaries, Peter and Sara Bastke. Several other MARC staff attend SBC, as well.
