

# Generosity for Generations

**Looking back with gratitude. Living now with faith. Giving forward with purpose.**

Looking Back

In 1828, the Lord led Reverend Humphrey Posey into the Cowee Valley, where he saw fields fertile for cultivation. He planted here and from his vision and the Lord's provision, this church was born. Nearly 200 years later, we are the fruit of that faith and obedience and God is still planting seeds for the future.

God has been faithful through every generation of Cowee, and we believe He is still at work in us, giving us one more:

- one more step of obedience to take
- one more soul to be saved
- one more laborer equipped and sent
- one more generation reached
- maybe even one more place for His glory to dwell

Our Call

We stand on the sacrifice of generations before us.  
We steward the blessing of generations among us.  
We sow into generations after us.

# Generosity for Generations

Theme Verse: "...that the generation to come might know..." (Psalm 78:6)

Throughout the history of our church, God has used His people to give sacrificially and fuel the mission of His Church. As we close 2025, we are stepping into a season we are calling Generosity for Generations. Every gift is a mission dollar fueling gospel work now and for years to come.

## For Generations Here

We are expanding classrooms, enhancing play spaces, and creating opportunities for kids and students to come to Christ, both inside and outside our walls, through evangelistic events, school ministries, and outreach that equips them to live on mission.

## For Generations Beyond

Supporting international missions through what we pray will be our largest ever Lottie Moon Christmas Offering, strengthening existing mission partners, and investing in new church planting initiatives.

## For Generations To Come

Preparing for worship growth through additional services, new church plants, and facilities that make space for the next 500 baptisms, 1,000 gathered, and generations disciplined.

## The Heart of the Vision

That is what Generosity for Generations is all about, sowing today for a harvest tomorrow.

Church family, vision becomes reality when we step out in faith. That is why today we are calling for Generosity Now. Not later, not someday, but now, while the fields are fertile and the harvest is ready.

Every dollar given today is a seed planted for the generations to come. We give now so the next generation may know.

Generosity Now. Generosity for Generations.
