*Rom. 1:1-17*

Today we are going to embark on a 30 week study on one of the greatest theological works in the New Testament. It is not an easy book, for even Peter says that the words of Paul are often difficult to understand. But I want to say that if you stay with us during this study, your life will be radically transformed, for you will come to understand the gospel in a way you had not known before. You cannot read and study this inspired word from God without being changed.
