

West Shore Christian Counseling Directory

A RESOURCE FOR COUNSELORS AND CLERGY
COURTESY OF MECHANICSBURG BRETHREN IN CHRIST CHURCH

Updated November 2023

Greetings in the name of Christ!

My name is John King, and I am an online Associate Professor of Counseling at Liberty University and a former pastor at Mechanicsburg Brethren in Christ Church. This booklet includes a list of counselors and agencies that I either personally know or who have excellent recommendations from counseling clients or pastors. All of these counselors operate from a Christian worldview and are committed to the preservation of families and marriages. For a number of the counselors in the following pages, I have either been their professor or their supervisor as they worked towards their master's degree or their license as a professional counselor.

There are three parts to this booklet:

- A list of recommended counselors
- A list of recommended counseling agencies
- An index of counselors based upon areas of specialization

While each of these counselors and agencies has provided excellent care to someone that I know, please keep in mind that each person and situation is different. This directory does not constitute or imply my personal recommendation of these service providers for every individual. Thank you for your understanding.

I hope that this counseling resource will be very helpful for the entire West Shore region for clergy, community and social service agencies, first responders, educators, and those serving in government.

John A. King, Ph.D., M.Div., M.A., LPC, NCC

Disclaimer: After this document was originally created in 2020, I transitioned to counseling part-time with Emerge Counseling and their office in Mechanicsburg. This agency is included in the directory.
