

NCC Connection 9/11/25

Good morning, Church Family.

It's really true, the more birthdays we have, the greater our need for a doctor! We see the character of God in Jesus's calling of Matthew. Matthew was a tax collector (a sellout, a traitor), unlike most of the average working class fishermen who were disciples. Who needs a doctor? When the Pharisees were pestering the disciples because Jesus was hanging out with a "tax collector" and his friends, He responded in Luke 5:31-32, "It is not the healthy who need a doctor, but the sick. I have not come to call the righteous, but sinners to repentance." The first step in receiving the Doctor's help is to admit that you have a problem. Let's be honest with ourselves and reach out to the healing invitation of our Savior.

Here are a few things going on this week:

- Anchor Crew kicked off this Wednesday. Thanks to the leadership team and the many volunteers for building into the lives of children. See pictures below:
