Sending and serving missionaries to the ends of the earth

March 2026

Students Reaching Students

Last month we wrote about a Middle Eastern student named “Matt” who received Christ early in 2026 after making a New Year’s resolution to do so. We also shared about how much Matt has been growing in the following weeks, reading the Bible with his unbelieving mom, sharing his faith with his boss, and getting involved in the body of Christ in his city.

Matt continues to grow and clearly has a heart for those around him to know Jesus as well. He has been sharing about Christ with his friend “Faith”. They read the Bible together, and a couple weeks ago Matt brought Faith to meet two staff members that connect with him regularly to disciple him and read Scripture together.

Matt and Faith (sunglasses) with two of our staff

During their time together, Faith eventually shared that she had had a dream the night before. In the dream she heard a voice saying, “You are on the right path,” and she saw a cross shining in the darkness. She said that she was sobbing in the dream and woke up crying as well.

After hearing this, the staff members (slightly taken aback) asked Faith if there was anything preventing her from placing her faith in Christ. She said she needed more time to consider it but came back the next week and was ready to trust Jesus and follow him.

In a different Middle Eastern country a young believer named “Owen” began showing up to an English speaking club that our staff run as a way to meet students and engage in ministry. At some point in his involvement in the English club, Owen met “Felix”, a local believing student. After a while, Owen mentioned to Felix that he was interested in coming to church sometime.

Felix and our staff invited Owen to church for about a month before he came. After the first Sunday he attended, he commented that he felt a strong sense of peace. The following Sunday Owen told Felix that he was interested in being baptized. After that, Felix shared the Gospel with him, and Owen decided to place his faith in Christ. Felix and our staff have since been meeting with Owen to disciple and encourage him in his new relationship with God.

Join us in praising the Lord for using young, local, believing students to reach other students with the Gospel!
