

Truly, it is hard to fully express how utterly amazing the “Seeds of Joy,” preschool program at the First Presbyterian Church in Ambler is. Both of my children were students there and from day one we felt we were not only part of a community, but part of a loving family. From seeing the children grow and learn, to being part of holiday events and celebrations, to reading regular updates about what the children were learning (along with the most adorable and frequent pictures) to the field trips, and even the guests that visited the school, it was such a full and immersive experience for my children!

My goodness!

Each year my children were instructed with kind, compassionate and remarkably patient instructors, who spoke to me on a one-on-one basis about their progress and even their individual needs. The school was even incredibly accommodating to having early intervention instructors and therapists work with my children, alongside their team! Truly those years with “Seeds of Joy,” were ones that my children and I will never forget! What a blessing it was to be part of it, and for ANYONE even considering this program, I can only offer the very highest level of praise!! The memories there will live on in my heart forever and I truly believe that the same will be said for anyone who enrolls their children here! Thank you to everyone at Seeds of Joy!
