

Pastor Nominating Committee Update - October 12, 2025

The Pastor Nominating Committee continues to make steady progress in our search for FPCA's next pastor!

Over the past several weeks, we've been reviewing potential candidates who have been matched with our church through the CLC website. We've also reached out to several individuals with strong PC(USA) connections and have been grateful to receive several promising referrals.

We recently completed our first round of screening interviews via Zoom with candidates who seemed like a great fit for FPCA. From those conversations, we've narrowed our list to a handful of candidates who received strong, shared enthusiasm from the committee. We're now in the midst of conducting second-round interviews with these few leading candidates as we continue discerning where God is leading.

Looking ahead, the final step in our process will be to invite final candidates to Ambler for in-person interviews with our committee.

As we continue this important work, we ask two things from our congregation:

1. If you know anyone who might be a wonderful fit for FPCA or is seeking a new call, please pass along their name to any member of the Pastor Nominating Committee.
2. Please keep our committee and this process in your prayers. We deeply appreciate your ongoing support and trust that God is guiding us each step of the way.

With gratitude,

The Pastor Nominating Committee
