

Church Family,

I'm grateful for the way our church continues to walk together with prayer, unity, and trust in the Lord's leading. Today, the Discipleship Search Team and I are writing to share an important update with you.

We have officially launched our search for an **Associate Pastor for Discipleship**, in partnership with Shepherd Group. This newly created role reflects a strategic investment in the long-term spiritual health of Beech Haven—strengthening how we make disciples, develop leaders, and walk alongside one another in following Jesus.

This pastor will serve as a key leadership partner, helping translate vision into action and strengthening discipleship pathways across the church. In particular, this role will focus on equipping and supporting Life Group and Discipleship leaders, revitalizing men's discipleship, and providing oversight and encouragement to our next generation ministries. The Associate Pastor for Discipleship will also preach and teach as needed and serve collaboratively alongside our staff and church family.

We are praying for God to lead the right person to Beech Haven—in His timing and according to His purposes. I want to invite you to join us in that prayer. Ask the Lord for wisdom, clarity, and unity throughout this process, and that He would prepare both our church and the individual He is calling for this next season.

You can find updates, details, and the application link at **beechhaven.org/discipleship-search**. That page will remain the best place to check for updates as the search progresses.

Thank you for your faithfulness, your prayers, and your trust as we seek the Lord together.

Pastor Rob
