

# ALL CREATION SINGS

**All Creation Sings  
Aug 3, 2025**

## **God's Glory From Creation To Scripture**

### **General Revelation**

#### **Read Romans 1:20 and Psalm 14:1**

Do you have trouble falling asleep at night? What are the things that keep you awake?  
How does creation give us information about God regarding the following:

His existence, His power, His intelligent design, As Creator, His sovereignty, His intentionality?

Is knowing all of this about God enough? Does it help us sleep at night? If so, how?

### **Special Revelation**

#### **Read Psalm 19; Galatians 3:10,13**

How can scripture help us answer our deepest questions? How can scripture lead us to Jesus?

Sunrise is a reminder of God working. How is God working in your life? Ted talked about reading scripture and listening to God's "Father Voice". What does this mean, and how should it change the way you read scripture?

How do you make big decisions for you and your family related to finances, dating, marriage, job or career? Do you involve God in these decisions? If you do not, why don't you? If you do, please share how you use God and scripture to make the decisions listed above? Who should you go to first? God or others? When you do go to others, you need to find someone who uses scripture as their primary source of truth.

**Quote by Timothy Keller-Examine your heart with the sermon. Examine the sermon with the Bible.**

Pray that God helps you apply the truths you learned today and that he opens your heart for what He is teaching you through His word.

## **DISCUSSION QUESTIONS**
