Tips for Success:

1. Use a Bible that you *want* to read! Make sure the print size is large enough, it isn't too bulky, has notes if you want them, etc.
2. Build a routine - try to read at the same time and place each day. Keep a notepad handy and write down questions and verses that jump out at you.
3. Use Sundays to catch up on a day or two. If you fall more than a couple days behind, JUMP BACK IN at the day's assigned reading. Trying to "catch up" can be too discouraging. Just read the next reading and keep moving forward! (You'll catch what you missed next time around.)
4. If you have a hard time sitting down to read, try *listening* to the chapters while you drive or do housework. YouVersion Bible app makes it easy to listen on the go.
5. Share a verse or story from your reading with someone else during the day! It will help you remember it and meditate on it and might inspire someone else to join in!
