

Missionary Update

Options Pregnancy Resource Centers are medical clinics and have been operating in Benton and Linn counties since 1986. Options specializes in pregnancy diagnosis through limited obstetric ultrasound. They provide evidence-based medical information and compassionate patient advocacy to women making decisions about unintended pregnancies. Their mission is to empower life-affirming decisions and their community is a place where all life is valued and celebrated. Their core values are compassion, respect, integrity and invested.

They offer free pregnancy tests and ultrasounds, resources such as prenatal vitamins and diapers, education surrounding pregnancy options, parenting and adoption, and evidence-based information about abortion procedures and risks.

Please pray for:

- **The Diaper Giveaway** coming up in February. There are four locations in four different cities where their Mobile Clinic is set up. This is a great way for them to reach the community, bless women and make their presence more known. Pray it is successful and that they are able to have meaningful conversations with women and make great connections.

- Pray for the staff to let the Lord guide them in their words and actions. Pray they are encouraged and uplifted by their supporters.
