

Jeremy and Mindie Tice World Partners, Indiana
Bethel University Missionaries in Residence

Mission agencies have become geriatric. Something has happened in our modern church culture and discipleship that has removed the possibility of a call to cross cultural and overseas ministry. We have been placed on the campus of Bethel University to reverse this trend. Along with mentoring and discipling students to Christ and overseas work, we are also working to set up a program for students to be able to graduate with little to no debt and to be "field ready," able to be accepted by mission organizations. With 23 years of mission experience in multiple countries, we are excited to see God use that toward equipping and empowering a new generation of disciple makers!

A part of our work with World Partners serving Bethel University is to organize ministry trips for our students. A Task Force team of nursing students and faculty are currently serving in Ecuador. On Friday, Jeremy is leading a team of students and staff to Mongolia.

The Mongolia Team will serve there for two weeks, with three students staying in country another month to serve in missional internships. We are thrilled for this opportunity for our students to experience life and ministry in this setting! Please pray for us all to see the face of Jesus and to walk in obedience to the Spirit as we enter this land and partner with national leaders there.

Along with the three interns extending their stay in Mongolia, we have an intern currently in Spain (and going to the Dominican Republic in three weeks), and an intern serving at our headquarters in Fort Wayne.

We are incredibly blessed to walk with some amazing students, seeing them live out their next steps in obedience, "from call to commission!" The harvest is plentiful... continue to pray for these students who are working out what it means to be sent!
