## INSTRUCTIONS

Option 1: Print out the pre-made Last Supper Popup page below. Color the popup page. Then, take scissors and cut along the line. Then, fold it horizontally at the table end near you.

Option 2: Fold a piece of paper in half. Measure 2 inches off the edge of the ends, then cut an inch slit along the fold. Open the folded paper, then push the fold outwards. Crease the sides of the pop-out.

Next, using a pencil, draw Jesus and his disciples. Add plates, glasses, and food to the table (which is the pop-out). Then, design the rest of the upper room according to how you think it looks. Add some windows, a floor, or whatever you think the room looks like. Draw it!
