

LOVE GOD, LOVE OTHERS CROSS

SUPPLIES

Paper
Hand sketch paper printed out
Rule
Pencil
Scissors
Glue Stick or tape
Marker
Printed out hands (set of 4)

INSTRUCTIONS

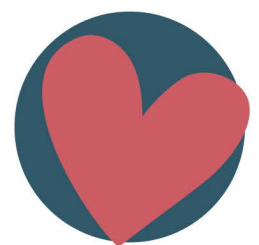

Take a pencil and trace a cross. Make sure it's large enough for you to write love God and love others on the cross. If you want straight lines you can always use a ruler.

Once you have made your cross. Take a marker and write Love God on the vertical line of the cross, then write Love others on the horizontal line of the cross. Then, cut out your cross.

Now, cut out the handpieces. Glue or tape two open hands (the left and the right) on the back side of the top of the cross (vertical direction). Then, place the one left hand on the one horizontal side of the cross, and do the same for the right hand.

Decorate your cross however you want to!

PROJECT EXAMPLE

HOLY TUESDAY
