GOD DEFENDS ME - I CAN TRUST HIM

Genesis 31:1-13 NLT

Jacob had worked for many years for his uncle Laban. Jacob always did what was right, and he worked very hard. But Laban treated Jacob unfairly and kept changing the rules—he even changed Jacob’s pay ten different times! Even when people were not fair, God saw everything. God protected Jacob and blessed him anyway. Later, God spoke to Jacob and told him, “I have seen the wrong things Laban did to you. I will be with you. It’s time to go back to the land I promised you.” God defended Jacob, guided him, and moved him out of the painful place and into His plan.

GOD IS MY DEFENDER

God sees when things are unfair. He protects me.

“How does knowing that God sees everything—even the things people hide—make you feel?”

Trust means believing God is working, even when we don’t see it.

“What is something hard in your life right now that you can trust God with?”

Just like God defended Jacob and led him to something better, God will defend you and lead you into His perfect plan. You don’t have to fight alone. God has your back.
