

### *TransWorld Radio Prayer Request:*

An urgent update from Sri Lanka: Cyclone Dithwa struck on November 27 and caused severe flooding and landslides across several districts. More than 460 people have died, hundreds remain missing, and over 30,000 homes were damaged or destroyed. Many families connected to our ministry have lost everything.

For more than ten years, TWR Canada has reached people across Sri Lanka through the 'God's Unique Book' program. This weekly gospel broadcast speaks in Sinhala to listeners who often have no church near them. Many come from Buddhist and Hindu-majority communities where Christianity is discouraged or misunderstood, and some listen in private because of pressure at home. Others live in isolated villages with no Christian presence at all. The program gives them clear biblical teaching and a trusted voice that answers the questions they cannot ask anywhere else.
