

# PARENT GUIDE

## CREATOR

### **BIG IDEA:**

God created all things.

### **VERSE:**

“In the beginning God created the heavens and the earth.”  
Genesis 1:1

**WEEK 1:** Creation of Earth and Space (Genesis 1:1-19)

**WEEK 2:** Creation of Land and Water Animals (Genesis 1:20-25)

**WEEK 3:** Creation of People (Genesis 1:26-31)

**WEEK 4:** Creation of Rest (Genesis 2:1-3)

This month, we are in the unit called, *Creator*. We want each child to know how special God and His creation is.

### **PARENTS:**

Teach your kids to admire and engage in God’s creation this month:

**DAY 1:** Light- Talk about what you love about light.

**DAY 2:** Sky- Go outside, lay in the grass, and look up at the sky. Study the shapes of the clouds and the vast blueness of the sky.

**DAY 3:** Ground, Seas, Plants, Trees- Crouch down and look at the details on each blade of grass, on the pattern of leaves, and the beauty of flower petals. Walk or drive to the nearest body of water and admire its color, its movement, and its size.

**DAY 4:** Sun, Moon, Stars- Stand still, close your eyes, and feel the warmth of the sun on your face in the daytime. At night, stare into the dark sky and examine the craters on the moon and the glow of the stars.

**DAY 5:** Fish, Birds- Go to a pond (or small body of water) and watch the birds come and go. Study the surface of the water to see fish swim freely under the surface.

**DAY 6:** Land Animals, People- Go on a trip to the local zoo or visit a farm. Watch the animals in their environments and look at how they are all so different! Compare their shape, skin, faces, actions, etc.

**DAY 7:** Rest- Lay down, close your eyes, and think about the Creator.
