

FRIEND OF GOD

WEEK 4

1. What are you currently waiting on God for, and what makes it difficult to keep trusting Him when you can't see what He's doing?
2. The sermon talked about getting out of our "tent of limitations." What is a mindset, fear, past experience, or limitation that can keep you from seeing what God could do in your life?
3. What does it look like in your life to "keep looking up" instead of focusing on what you can see right now?
4. Abraham had to learn that God's timing was worth trusting. Where might God be asking you to stay in step with Him instead of trying to get ahead of Him?
5. What is one area where you need to keep doing the right thing and remain faithful, even though you haven't seen the outcome yet?
