

# Impress them on your Children

## Ways to reinforce the Sunday lessons

### January 2025 - Creation

#### Week 1 - Creation Days 1 & 2 - Genesis 1:1-8

- Have everyone tell about something they have made.
- Have you ever created something from nothing?
- What did God make in the first 2 days?
- How can you have light without the sun?

#### Activity

Research the universe and see what all happens in the sky and the vastness of God's knowledge, power and greatness.

#### Week 2 - Creation Days 3 & 4 - Genesis 1:9-19

- Talk about how many continents and oceans there are.
- Why do you think God made the Sun to govern the day and the moon to govern the night? Why do you think he made stars?
- How did God create all these things?

#### Activity

Take a family walk at night and see how many stars you can see. Can you see the moon? Does the moon help you see at night?

#### Week 3 - Creation Days 5 & 6 - Genesis 1:20-31

- What's your favorite water animal and land animal and why?
- How was the creation of humans different than anything else that was created?
- When God looked at everything He had created, what was His response?

#### Activity

Go to a park or on a hike and count how many different varieties of trees (or flowers or birds) there are.

#### Week 4 - Creation Day 7 - Genesis 2:1-2

- Why do you think God rested on the 7th day?
- Did He need rest?
- Why does He want us to have a day of rest?

#### Activity

Talk about how your family can establish a day of rest and what that looks like. Then do it!

These commandments I give you today are to be on your hearts. Impress them on your children.
