

Bungee the Kangaroo

by Isaiah Rivas

Hello boys and girls. I just wanted to show you my kid's story that came up in my mind and I really wanted to show you.

So Bungee the Kangaroo is somebody that I really love. She's an animal. As you see, this is the animal Bungee. He... He's pretty cute.

I wanted him as my pet, but we couldn't take care of him. So we usually put him in this bag and they have these little carts. They're cute. And you can just ride in them. Bungee, he usually just like jumps in, in a bag. I'm gonna show you a video of my Grandma.

There you go. go. Yay! Good job! There you go. Now we're just gonna let him sleep. He's gonna go to sleep. And then we're gonna go back. Don't let me forget. We're gonna pick him up when we head to the outback, okay? He'll sound good.

Yeah, so as you see, he usually sleeps in that bag and he jumps in that thing. Yeah.

And here's another picture of me feeding him. He loves kale. I mean, he loves lettuce. because it's a snack that animals like kangaroos really like.

And here's another picture of him trying to hug me. I was petting him in the stomach and scratching him. Then he put his hands up and then he started hugging me. I thought that was an adorable thing I saw that an animal can do to me.

And another picture is that this animal was kind of like a friend, like a best friend. And a verse for today is Psalm 36 verse 6. That verse reminds me of animals. Just like people keep animals safe. just like God keeps us safe.

Thank you, boys and girls. Bye.
