

Submission To Authority & Peer Pressure Know Pain Know Gain #2

Living faithfully and submitting in the context of:

- Governing Authorities (1 Peter 2:13-17)
- Non-believing Slavemaster (1 Peter 2:18-25)
- Non-believing Spouse (1 Peter 3:1-6)

Peter's 5 Relationship Principles: Live harmoniously, be sympathetic, love one another, be compassionate, and humble. (1 Peter 3:8)

Peer pressure tempts us to slip into conformity, rather than standing by our convictions.

Reflection: Has your understanding of submission in the Bible changed, and if so how?

Challenge: Choose 1-2 of the 5 relationship principles, and apply these principles with a human authority figure in your life.
