

The Journey
What if...? Series
by Bill Aumack

Life is hard AND following God doesn't make it easier.

God provides enough stamina to make through the hard bits.

God provides enough faith when we can't see what is happening.

God provides enough willpower when we have tough decisions/actions to make.

Reflection: Are you relying on yourself? Or are you following God's plan, no matter how uncertain it may seem?

Challenge: Take that action you've been feeling God is prompting you to take.
