

Cheesecake and Gratitude

by Isaiah Rivas

Boys and girls, I wanted to present the kids story today. So today we're going to be talking about God's love, how much he spreads it to the world, you know, like he gives us all his love. He gives us everything we can. He can give it to us during prayer. He can do good things.

So right now. I'm me and my mom are making cheesecake. So I wanna, before I finish this, I really wanted to do the kids story, you know? So I just, I really wanted to have a chance to show you, you know, another story. So what I'm gonna do is I'm gonna pour, I'm gonna pour this into both of them, if we have more space. And then every time I pour, pour, I want to say one good thing that God has done.

I'm going to pour some right now. And before I pour some, I'm going to think of one. So I think one thing that God has done for me is that he has been providing for me and blessings upon my family. And I really enjoy that. So I'm going to pour some. So one. I think that should be it. To the next answer.... Oh, is still pouring. I'm just gonna rub this.

Some other things that God has done for me is that I guess He's been answering my prayers with my parents, and I guess I wouldn't be alive if God wasn't alive. So, you know, praise God. Okay, so I'm gonna pour some more. Okay, that should be enough.

And another thing is that he created us, and when he created us, he did some other things, which are, like, he made us think. He made the good parts, and, like, he made so many things. There's even some things that we don't even know, which, like... I don't know how to explain it. But like there's a bunch of other things in different places different... you know just anywhere. Like because he made us all different and I think he made us for a purpose and we all have a purpose and we're made in God's image. And I think that's some of the things that we should be praising God for.

Why don't we cheat, you know, I'll put some inside here [the other pie crust]. So it can be a little faster. Oh yeah.

So how I made this, if you guys want to make it, it's pretty simple. So first it's one lechera, two cream cheese, two packets of cream cheese, and 3 eggs, and then you pour in like a few drops of vanilla, and then you mix in the blender, and then you need to get these two...pie crust, I think it's what they're called, and you just pour it in there and you put it in the oven. So, yeah.

And let's get back to the part. So another thing is, like, I think that God gave me a mind, God gave me my parents, and He gave us a school so we could think and learn. He's a good God. And...

Why don't we pour some a little more and finish it off and then we can pray. Okay? Not that much is coming out anymore. I think I finished it on this one. All right, so we put all of it in. And like I said, after we put the whole thing in, we're gonna pray.

So let's bow down for prayer. Dear God, thank you for today. Thank you for our life, our mind, our school. Thank you for everything you've created for us. And please bless us. Let us do your will. And in Jesus' name we pray. Amen.

Bye, boys and girls. See you next time.
