

I AM

by Chris Famisaran

Exodus 3:1-16

When Moses meets God, he expresses humility, not the bravado he had as a young man.

God uses fire to catch Moses' attention.

I AM can be translated as "to be". Is God trying to avoid describing God's name?

"You should know Me as God who is active on your behalf now and will continue to be in the future". (Jon Dybdahl)

I AM is a saving God.

Reflection: Where in your life has God helped lead and guide you to victory over significant challenges?

Challenge: Worship the Lord with confidence and reverence, knowing that God will not abandon you in the calling I AM has given you.
