

1. Clean a can and take the label off

2. Draw your design on with a sharpie or vivid.

3. Fill almost to the top with rice and water.

4. Place in the freezer until frozen.
5. Make a nest with a towel and place the frozen can in it.

6. Using a nail or a screw, hammer holes following the lines of your design.
*Ask permission before using a hammer.

7. When you've finished hammering, place can in a sink until the rice and water is defrosted.
8. Clean the can.

8. As a finishing touch you can paint the can.
9. Place glowsticks or a candle inside to light it up.
