Inactive Members/Non Resident Members	1786
Total Church Members	4938
* Pending Membership by Baptism	18

NEW BUSINESS:

1.RECOMMENDATION TO ESTABLISH A CONSTITUTION AND BYLAWS REVIEW COMMITTEE

This recommendation proposes the formation of an ad hoc Constitution and Bylaws Review Committee. The purpose of this committee will be to examine the church's current Constitution and Bylaws and to develop any necessary revisions or updates. The committee will then present its recommendations to the congregation for review and consideration no later than March 1, 2028.

As an ad hoc committee and not a standing committee, after its recommendations have been considered by the congregation, the Constitution and Bylaws Review Committee will be dissolved.

2. RECOMMENDATIONS FROM THE STEWARDSHIP COMMITTEE

1. Motion to Replace the Contemporary Worship Center (CLC) Audio System:

The stewardship council recommends that the church enter into contract with Messenger AVL, Inc. to replace the CLC Audio System for the projected cost of \$344,000.

2. Motion to Repair the Atrium Roof:

The stewardship council recommends that the church enter into contract with Perry Roofing to replace atrium roof for a projected cost of \$125,000.

3. Motion to Transfer funds to pay for the preceding projects in the amount of \$469,000.

The stewardship council recommend that the church pay \$469,000 for the atrium roof repair and CLC sound system replacement as follows:

Operating Reserves:	\$ 38,000
Worship Equipment Reserves:	\$213,000
New Work Fund	\$218,000
Total:	\$469,000

FREQUENTLY ASKED QUESTIONS

Sound System Replacement in the Christian Life Center (CLC)

Why do we need to replace the sound system in the CLC?

The main bulk of the sound system (speakers, cables, amps) is original equipment installed 20 years ago when the CLC was built in 2006. The sound system has been failing over the last few years, resulting in a significant and growing number of hot (loud) spots, dead zones, and various speakers in different states of disrepair.

Why can't we simply fix the existing system?

Technology has changed so significantly in the last 20 years that replacement parts are not compatible with our current system. Simply, there are no options for repair.

Is the sound system for both the CLC and the Sanctuary?

This proposal is for the Christian Life Center (CLC) only.

Were bids sent out for replacing the sound system?

Yes. 5 bids were secured. The bids ranged from \$200,000 to over \$1 million. The lowest bid that covered the scope of the project was \$340,000. This was the bid that is being recommended.

How was the decision made to choose this option?

Bids were solicited. Sound tech and worship staff vetted the bids and referred the bids to the stewardship committee. The stewardship committee finalized the decision and is bringing this recommendation to the congregation.

Is the installer reputable?

Yes. Messenger AVL, the company who is providing the sound system, is a proven contractor who has worked with numerous sound system installations for churches of larger or comparable size.

When will the work be done?

If the recommendation is approved, the plan is to have the installation finished by the end of December. Complete installation should take 2 weeks, but should not interfere with Sunday morning worship services.

Where will the money come from?

The plan is to use existing church funds. This would require congregation approval to move funds. The Stewardship Committee will recommend a motion at the business meeting that will include operating reserves, worship equipment reserves and new work fund reserves.
