Each Day

Take Time to Read the Text

Read the entire passage each day. Before you begin reading, ask God to open your eyes to the truth that He wants you to know and practice so that you can change and grow.

Take Time to Reflect on the Truth

From each passage, write down two significant thoughts or direct statements from the Scripture. Also, write down any questions that may come to mind as you read and re-read the section.

Take Time to Renew Your Mind

Choose one verse (or portion of a verse) from each week's section to memorize. Work on this text each day. The time invested will be well worth the effort!

Take time to Respond to God

As you study the text, take time to talk to God about what you are seeing and learning in this section of Scripture.

Take Time to Reorder Your Life

At the end of each week's study, write anything you need to begin to do differently in light of what you have learned.

The T2 Team is designed to accomplish five goals
