

KIDS CONNECT @ OLF

KidNation serves children in our ministry from birth through 5th grade. Our mission is to instill in the heart of each child a wonder of God, and to lead them to know and love Him through His Word. It is our great desire to assist you, so that by working together we grow followers of Jesus Christ.

VALUES

Security

At One Life Fellowship, the security of your children is of utmost importance. Background screenings are done on all of our children's ministry volunteers. In addition, all workers have proven themselves faithful and have submitted to appropriate training in their respective areas of ministry.

Teaching

Our children's ministry is purposed to teach your children the Word of God, not just entertain them. Given enough time, your children will tour the entire Bible while at One Life Fellowship.

Fun

Learning the Bible and making friends should be a fun and exciting adventure! We are thrilled that parents often comment about how much their child enjoys KidNation!

Partnering with Parents

God never intended for the church to replace parents as the primary educators of their children. Our goal is to come alongside parents to encourage and reinforce Biblical and godly training in the precious little ones with whom you have been blessed.
