## Psalm 134 – The Heart of Worship

### Sermon Recap

- Worship is not a performance or a Sunday-only event—it's the call of all God's people.
- True worship flows from submission, holiness, and a God-centered heart.
- When we bless God, He blesses us with His presence and promises through Christ.

### Discussion Questions

1. Why is worship more than just “watching” a service?
2. How does unseen faithfulness (serving where few notice) honor God?
3. What does raising hands—or showing dependence—mean to you personally?
4. Why does God care about holiness and repentance in worship?
5. How can we fight the temptation to evaluate worship based on preference instead of focusing on God?
6. What blessings of God have you experienced through worship?

### Prayer Focus

- Thank God for His worthiness.
- Confess areas where worship has become self-centered.
- Ask for a heart that blesses God continually, not just in public.
- Remember the greatest blessing: salvation in Christ.
