

GRACE GROUP LEADER GROWTH RESOURCES

December 18, 2023 - Volunteer Code

PLAYS TO WIN

MAKES A DIFFERENCE - We are not just looking for warm bodies to complete tasks. We are looking for empowered team members excited to volunteer, own their part of the local church, and participate in meaningful ministry.

How would it turn out on a sports team if everyone showed up and did the minimum? I suspect it wouldn't turn out very well and you wouldn't be holding up the championship trophy at the end of the year. Sports are fun and important, but how much more important is the Kingdom work we do here at Grace? Doesn't this important work demand all of us showing up and doing our very best?

Questions to ponder:

1. Are you showing up and doing your best to lead your group?
2. Are you leading in such a way that your group members know that that type of serving is the expectation?
3. How can you improve your leadership to raise the bar of serving in your group?

SHOWS UP ON TIME - Honor your schedule and commitments. If you sign up, show up. If your volunteer huddle starts at 8:30am, you are late if you arrive when the service begins at 9:00am.

I was always raised that early is on time, and on time is late. If you show up late, you are likely missing something, some detail, some instruction that will be important. Don't be that person.

Questions to ponder:

1. Are you showing up early to your commitments?
2. Are you leading your group in such a way that your group members know that this is the expectation?
3. How can you make some movements in this area of your leadership?
