

TECH PLEDGE

USING TECHNOLOGY TO HONOR GOD.

I want to glorify God in everything I do—even when I use technology. The Bible says, “*Whatever you do, whether in word or deed, do it all in the name of the Lord Jesus*” (Colossians 3:17). I know that my choices online and on my devices matter to God. Today, I choose to commit myself to honoring God in all my digital habits. With God’s help, I want my choices, both online and offline, to reflect His love and truth.

I understand that how I use technology shows what’s in my heart. With God’s help, I will honor God in all that I do both online and offline.

My Commitments

I will...

Use Technology Responsibly

I will take responsibility for my actions and remember that using technology is a privilege, not a right.

Guard My Heart

I will be careful about what I watch, read, and listen to so that my mind and heart stay focused on what is good and true.

Seek Truth and Wisdom

I will look for what is right and wise, measuring what I see and share by God’s Word instead of the world’s opinions.

Speak Life Online

I will use my words and actions online to encourage others, choosing kindness, truth, and respect in every post, text, and comment.

Honor God with Purity

I will avoid anything that dishonors God or tempts me to sin. I want my heart, thoughts, and actions to be pure and pleasing to Him.

Practice Self-Control

I will use my time wisely and not let screens take me away from God, my family, or the things that matter most.

Be Honest and Accountable

I will welcome accountability and correction from my parents, mentors, and trusted friends, keeping my technology use open and honest before God.
