

# Nicaragua Mission: Oct 3-10

We will be working alongside Chosen Children Ministries in barrio communities near the cities of Managua and Leon, Nicaragua. These barrios are typically located in rural areas where the average income is less than \$2/day.

Poverty is more than a dirt floor, a tin home, or having no food. The deepest poverty is a heart without Christ. CCM's goal is to partner with communities to break the chains of multi-generational physical, emotional, and spiritual poverty by sharing the Hope of Jesus Christ.
