

We Love

Your

Family!

HDC Kids

partnering with parents in preparing their kids to change their worlds for Christ.

On the weekend we aim to provide age-appropriate programming that is **safe, engaging, truthful, and applicable for kids**. All HDC Kids leaders are background checked, interviewed, and trained to care for your kids. While with us, your child will have the opportunity to connect with a leader and friends to process and apply the Bible Lesson.

What You Can Expect

Check In & Play

Kids are welcomed and participate in games and activities that help them get to know their leader and friends.

Connect & Engage

Kids engage in activities and conversation that help prepare their hearts for the Bible lesson.

Worship

Kids engage in worship through singing and dancing.

Bible Lesson

Kids hear God's Word from videos and live teachers.

Small Group

Small groups are a time for leaders and kids to discuss and apply the Bible lesson through activities, crafts and conversation.

VICTORVILLE CAMPUS

Bringing Your Child Into Service?

Use Our Family Room or Nursing Moms Room

We offer Family Rooms in Powell lobby where you can watch the service with more freedom for your child to move around and make noise. We also have a room for nursing moms in the Nursery.

Sit in an Aisle Seat

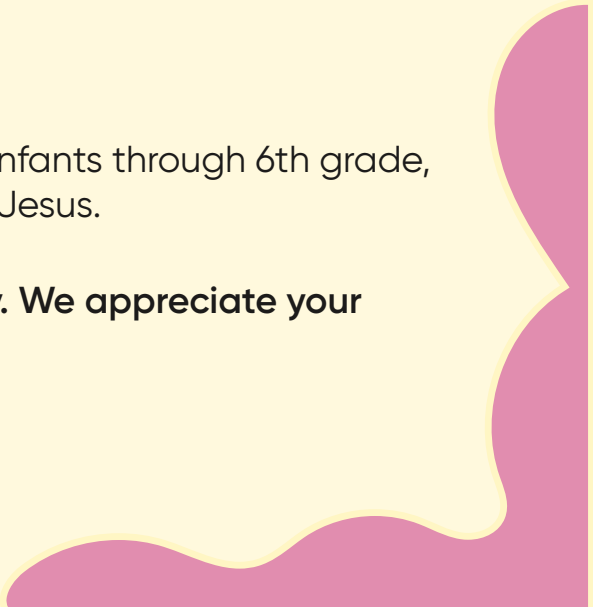

If you choose not to use our children's ministry programs, we kindly ask that you select a seat where you can easily step out if your child becomes noisy. (We recommend an aisle seat near the back of the room.) We know that sitting through an hour-long service is a big expectation for any child!

Thank you for understanding that our adult church service is designed specifically for teens and adults.

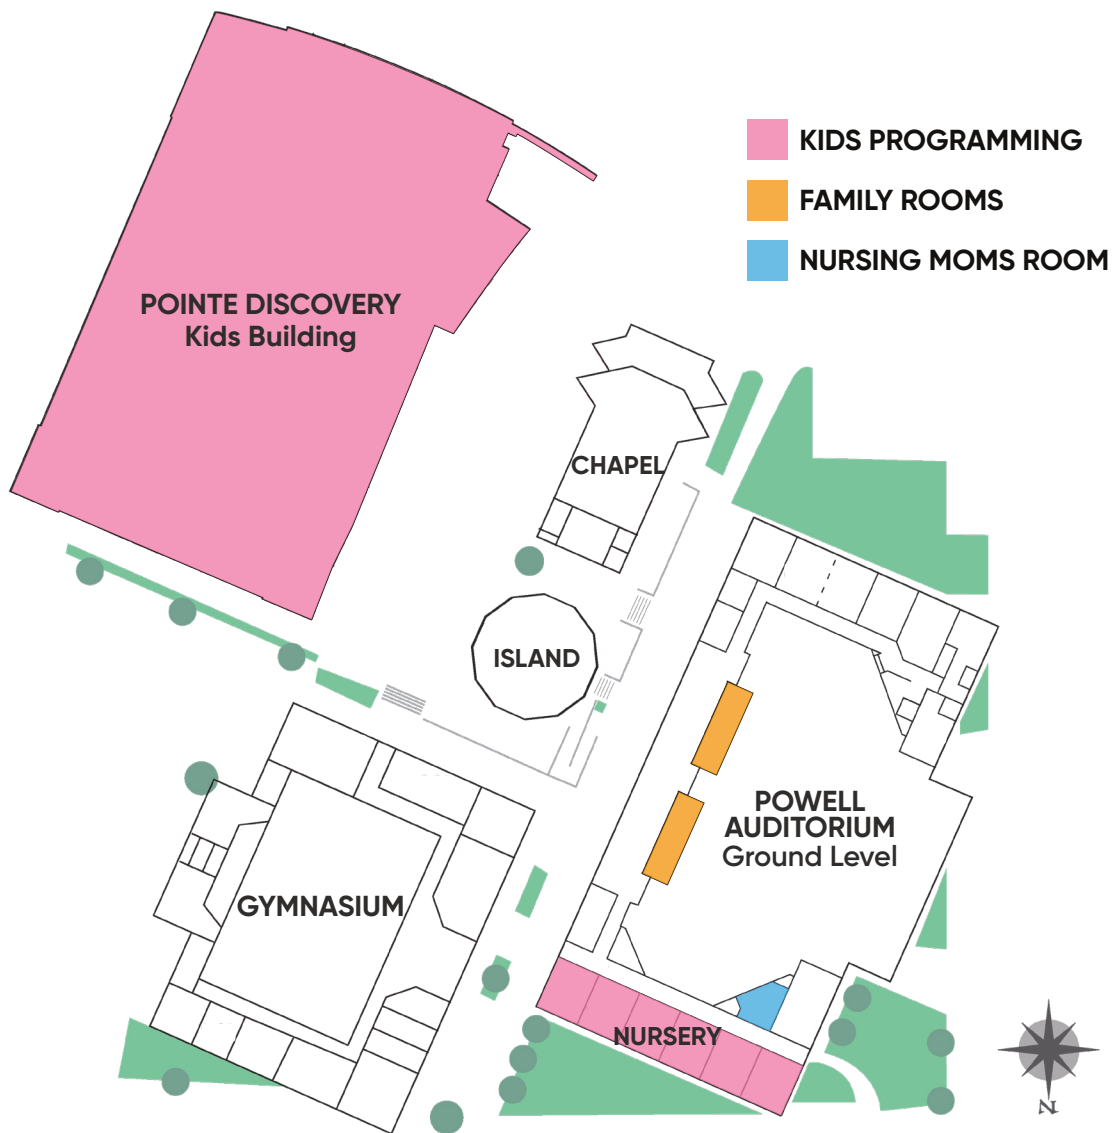

Use Our Kids Program

We have separate programs designed for kids, infants through 6th grade, where they can belong, grow, and engage with Jesus.

Thank you for letting us partner with your family. We appreciate your understanding and cooperation.

HESPERIA CAMPUS

Bringing Your Child Into Service?

Use Our Nursing Moms Room

We offer a space off our Nursery hallway for nursing moms where you can watch the service with more freedom for your child to move around and make noise.
