Encountering Christ in the word, Book by Fr.

László

I am pleased to share with you ***Encountering Christ in the World - Homilies for Year A***, is available after all Masses.

This book is a collection of homilies and reflections rooted in the Sunday Gospels, written with one purpose: to help deepen your relationship with Jesus Christ. Each reflection invites you not only to understand the Word of God, but to encounter Christ personally, to grow in faith, and to live the Gospel more fully in your daily life.

Many people today are searching - for meaning, for hope, for direction. The Word of God speaks directly into that search. It has the power to strengthen us, to guide us, and to transform our hearts. My hope is that this book will serve as a companion for your prayer, your reflection, and your journey of discipleship.

If it has helped you or may help someone you love, I encourage you to take a copy, and perhaps consider sharing it with a family member or friend who is searching or returning to faith. Thank you for your continued prayers and support. Be assured of my prayers for you and your families.

In Christ,
Fr. László
