What's the strangest thing you've ever "saved" because you thought it might be valuable someday?

LEARN & APPLY

Read 1 Timothy 6:17-19 & Matthew 25:14-30

- What are some attributes that are revealed about the Master in Matthew 25? What about the servants?
- Do you think the Master is acting fairly by giving different amounts to the servants? Why or why not?
- How does being a "steward" and not an "owner" change the way you see the resources in your life?
- How can a distorted view of God lead to fear, passivity, or selfishness?
- In what ways does trust in God produce generosity and faithfulness?
- When have you experienced joy from giving, serving, or investing in others?
- What gifts, opportunities, or resources might God be calling you to invest instead of "bury in a can"?
- Is there one area where God may be inviting you to move from fear to trust? What would that look like for you today?

PRAY

Pray for anyone who may be struggling financially in your group or in our congregation. Ask the Holy Spirit to show you how you might be a "resource" to them. End you time praying Lord's Prayer together.
