Jan Miller

A family friend, Fara, has been diagnosed with 2 types of cancer, both in advanced stage. Fara does not know the Lord. Asking for a Divine Intercession for Fara, both spiritually and physically. Thank you.

Lynn Block

Please pray for our Aunt Norma. She is having open heart surgery on Wednesday morning this week and it will be a double bypass. Please pray for the surgery and her recovery.

Thank you,
Lynn Block and Diane Kaut and families

The Cronk family needs prayer. They used to attend NL & Mark, the dad, is in hospice with a blood infection after several strokes the past year. I actually saw & spoke to him

Prayer Requests -

Terry Howard

I am having carpal tunnel surgery Tuesday. It's not a big deal but with AFIB, they get a little more concerned. Appreciate if you would remember me in prayer.

Alison Hackbarth

Please pray for the family of Derrius Taylor, a friend of Daniel's, who was killed in an automobile accident Sunday afternoon. He was going to graduate from Iowa State this May. Please also pray for this group of friends, who are completely devastated.

Renee Van Rees

My co-worker, Bridgette, and her husband, Ethan, recently had a little boy who has been in the NICU at Iowa City since he was 5 hours old. He has been through a lot of tests and is currently still intubated as his lungs are struggling. The doctors have determined that he has X-linked protoporphyria: an extremely rare genetic disorder characterized by an abnormal sensitivity to the sun (photosensitivity) that can cause severe pain, burning, and itching of sun-exposed skin. Symptoms may occur immediately or shortly after exposure to the sun, including direct exposure or indirect exposure such as sunlight that passes through window glass or that is reflected off water or sand. Redness and swelling of affected areas can also occur.

I would like to pray for complete healing for this little guy...he is so loved and his parents are praying for this too. Thank you!
